Dear Senator Byrd:

Enclosed, as was requested by Carolyn Giolito of your office, is a copy of the Notice Letter that was sent to the Morgantown Industrial Park Associates. As you are aware, Notice Letters are issued under authority of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (CERCLA). This letter informs potentially responsible parties of the Environmental Protection Agency's (EPA) intention to take action at a Superfund Site, and informs the potentially responsible party that, under CERCLA, they may be liable for costs expended by EPA in the action at the site. The Notice Letters also provides the potentially responsible party with an opportunity, after negotiating with EPA, to take any necessary action at the site.

Since, under CERCLA, haulers, generators of waste, and former site owners are also liable for costs (as well as current site owners), I have listed below the names & addresses of the five other recipients of Notice Letters relating to the Ordnance Works Disposal Areas Site. The names addresses are:

J. M. Henske, President
Olin Corporation
120 Long Ridge Road
Stanford, CT 06904

L. A. Harvey, President
Borg-Warner Chemicals, Inc.
PNB Square
B.O. Box 1868
